About Solars4u

Solars4u, a subsidiary of Sachet Advisory Services Pvt. Ltd., is committed to providing reliable, affordable, and high-quality solar energy solutions across India. Backed by years of experience in the renewable energy sector, we help homes, businesses, industries, and institutions switch to clean and sustainable solar power.

A Legacy of Innovation & Impact

With the increasing demand for rooftop solar systems, we expanded our services in 2018 into the rooftop solar segment. Since then, Solars4u has been delivering complete EPC (Engineering, Procurement & Construction) solutions for residential, commercial, industrial, and institutional solar projects.

Today, we provide end-to-end solar solutions including:

1. Solar system design and consultation
2. High-quality solar panel installation
3. Government subsidy assistance
4. Net metering support
5. Operation & maintenance services
6. After-sales service and technical support

At Solars4u, we believe solar energy is not just an alternative — it is the future. Our mission is to make clean energy simple, affordable, and accessible for everyone while helping customers reduce electricity bills and contribute towards a greener tomorrow.

Our Journey

2014 – 2017

Renewable energy consulting, REC mechanism advisory, policy support, and solar park infrastructure planning.

2018 – Present

Complete EPC solutions for rooftop solar projects while continuing support for utility-scale renewable energy initiatives.

Why Choose Solars4u?

11+ Years of Trust & Experience	Award-Winning Technology & Innovation	50+ In-house Well Trained Engineers & Technicians Team	Exclusive Sales & Lifetime Service Support in North India
Recognized by MNRE & State DISCOMs	25-Year Generation Warranty on Solar Panels	Trusted Quality & Customer-First Approach	Complete End-to-End Solutions for Industries & Homes

Driven by Sun. Built for Future.

Professional Solar EPC Services by Solars4U

At Solars4u, we provide complete solar EPC (Engineering, Procurement & Construction) solutions designed to deliver reliable, efficient, and long-lasting solar power systems for residential, commercial, industrial, and agricultural sectors.

From initial consultation and site survey to system design, installation, commissioning, and after-sales support — our experienced team manages every stage of the project with professionalism and precision.

We use high-quality solar panels, premium inverters, durable mounting structures, and advanced engineering practices to ensure maximum energy generation and long-term performance. Our customized solar solutions help customers reduce electricity costs, achieve energy independence, and contribute toward a cleaner and more sustainable future.

What Our Customer Says

Solars4U Delivered an Excellent Solar Installation Experience

"Solars4U delivered an excellent solar installation experience with professional support and quality service. The system is running efficiently and helping us save significantly on electricity costs. I appreciate their timely service and customer-focused approach."

Shri Narender Kumar Sharma
Near Gas Godown, Bhajanganj, Ajmer

The Team is Responsive, Professional

"We are very happy with the performance and after-sales service of Solars4U. The team is responsive, professional, and provides regular support and maintenance. The solar system is helping us achieve substantial electricity savings every year."

Dr. Pradeep Jai Singhaniya
Dwarka Nagar, Ajmer

Reliable and Professionally Installed Solar System

"Solars4U provided us with a reliable and professionally installed solar system. The plant performance has been excellent, helping us reduce electricity expenses while ensuring uninterrupted clean energy for our business."

Shree Jai Shankar
Owner Kela Store, Ajmer Rajasthan

Excellent service and great savings with Solars4U

"We installed a 5 kWp solar plant with Solars4U and the results have been excellent. The team handled the complete installation professionally and helped us reduce our electricity expenses significantly. We are happy with the quality, service, and savings achieved through solar energy."

Shree Gopi Kishan Ji Periwal
Owner, Jaipur Bikaner Transport Corporation

Best deal with Topnotch Technology

"I am highly satisfied with the solar installation and service support provided by Solars4U. Their team ensured smooth execution, smart energy monitoring, and timely maintenance services. The system is performing efficiently and helping us move towards sustainable energy usage."

Dr. Praveen Mathur
Former Head, Environmental Science M.D.S. University, Ajmer
